Represents the lowest rate for a typical residential customer choosing a STANDARD PLAN, excluding Regulated Provider rates

Represents the highest rate for a typical residential customer choosing a STANDARD PLAN, excluding Regulated Provider rates

NOTES:

The above prices must be filed by the 9th of each month

Commission website: www.psc.state.ga.us

At-risk rate market rate plans will not be listed on the website. Please contact the marketer for any additional rate plans or offerings.

NEW - if the marketer provides a range of customer service fees based on credit or consumption, then that marketer's "Total Monthly Annual Bill" Calculation is calculated by using the HIGHEST of the range. Specific customers' total bill calculations may be different depending on the marketers' credit criteria and consumption.

(1) The prices billed to a consumer on a variable rate plan will not exceed the price the marketer has on file with the Commission in effect at the beginning of the consumer's billing cycle (meter reading cycle). The prices billed to a consumer on a fixed rate plan will not exceed the price on file with the Commission but will be in effect all the time the consumer contracted with his or her marketer.

(2) Interstate Capacity Charges and Balancing Charges are included on all rates unless otherwise noted.

(3) The Total Annual Bill and Total Monthly Bill include the base charges from Atlanta Gas Light Company. The annual base charge for a typical customer with a 1.30 DDDC Factor is \$980.53 and \$411.05 for qualifying senior citizens.

The September 2026 base charge is \$39.71 for a typical customer with a 1.30 DDDC Factor, and is \$25.59 for qualifying seniors with a 1.30 DDDC Factor.

(4) Monthly "Applied-to-Apples" = (Total monthly bill / monthly consumption); Annual "Applied-to-Apples" = (total annual bill / annual consumption)

(5) Total Monthly Bill = (Market rate (variable or fixed) x 12 months) + (customer service charge) + (September base charge)

(6) Total Annual Bill = (Market fixed rate rate x 641 therm) + (customer service charge x 12) + (annual base charge)

(7) The Regulated Provider Group 1 customers - low income customers who are qualified by the State Dept. of Human Services. Group 2 customers - high-risk credit customers who cannot obtain service from a marketer.

(8) Existing Plans Are Not Available to New or Existing Customers Not Currently On These Plans
