1.5 RFP Amendments

The Commission reserves the right to amend the RFP prior to the deadline for proposal submission, March 29, 2022. Amendments will be sent to all offerors who originally received a copy of the RFP. The cost for developing any proposal is the sole responsibility of the offeror and the State will not provide reimbursement for such costs.

The contract will be a two-party contract between the Hearing Aid Distribution Program service provider ("Service Provider") and the Commission. The contract term shall commence on June 1, 2022, and shall terminate thirty-six months from that date, on May 31, 2025, except that the Commission shall have the option to renew the contract for one additional twenty-four-month period subject to the agreement of the Commission and the offeror. The PSC reserves the right to negotiate with the successful offeror other additions to, deletions from and/or changes in the language in the contract, provided that no such addition, deletion or change in the contract language would affect the evaluation criteria set forth herein, or give the successful offeror a competitive advantage.

The offeror shall confirm acceptance of the provisions of this sample contract or, in the alternative, shall state explicitly which provisions are not acceptable and propose alternative wording or any additional wording or any additional provisions that the offeror believes to be necessary. Any exception to the Contract must be clearly identified, accompany the offeror’s proposal, and be attached to the Contract. Offerors are cautioned that any exception submitted that would give the offeror a competitive advantage over another offeror or that would result in a failure to meet a mandatory requirement of the RFP will not be accepted.

Prior to the award, the apparent winning offeror will be required to enter into discussions with the PSC to resolve any contractual differences before an award is made. These matters are to be resolved within one (1) week of notification; if not, this could lead to rejection of the offeror’s proposal. No exception to the contract will be deemed to have been accepted by the PSC unless the exception language is incorporated by reference into the final executed contract.

WHEREAS, the Commission has determined that “other hearing technology” is
deemed to include hearing aids and is responsible for establishing, implementing
administering and promoting a state-wide hearing aid distribution program (hereinafter, the
“Program”) and contracting for the administration and operation of such program; and

WHEREAS, Contractor desires to administer this Program on behalf of the
Commission, not solely for business purposes, but also in a spirit of public service.

NOW THEREFORE, in consideration of the foregoing and the mutual covenants
and conditions hereinafter recited, and other good and valuable consideration, the receipt
and sufficiency of which are acknowledged by both parties, the parties hereto agree as
follows:
I. SCOPE OF SERVICES

A. Contractor agrees that it will purchase and distribute hearing aids to qualifying Georgia residents who meet the following eligibility requirements, subject to the provisions of Section II.C and II.D.:

1. The applicant's household income must not exceed 200% for adult patients and 400% for pediatric patients of the Federal Poverty Guideline ("FPG");

2. The applicant, or if the applicant is less than 12 months old, the applicant's legal guardian(s), can provide proof of residency for Georgia for twelve consecutive months immediately prior to the submission of the application;

3. The applicant can provide a recommendation from a licensed audioligist that the applicant is hearing impaired and requires hearing aid equipment;

4. The applicant can provide the results of an audiogram completed no more than six (6) months prior to application submission for adult patients and three (3) months prior to application for pediatric patients; and

5. The applicant will sign an agreement providing that the applicant is responsible for any and all equipment maintenance and repair issues outside of the warranty.

B. Contractor agrees that all hearing aid providers be licensed to dispense hearing instruments in the State of Georgia and must sign an agreement covering services offered, the time period to perform such services, and reimbursement amounts.

II. METHOD OF PAYMENT TO CONTRACTOR

A. The sole source of compensation to Contractor for administering the Program under this Agreement is the surcharge imposed by O.C.G.A. § 46-5-30 and implemented by the Commission on all residential and business local exchange access lines in the state. Local exchange carriers are required to transfer all surcharge funds and any interest earned on such funds to the TRS Fund administered by the Commission.

B. If the TRS Fund is insufficient to pay Contractor for the Program or if the TRS Fund no longer exists, the Agreement shall terminate without further obligation on the part of the Commission, the state of Georgia or any of its officers, funds, agencies or instrumentalities as of that moment. The determination of the Commission as to the non-existence or insufficiency of the TRS Fund shall be conclusive.

C. Adult Program

(1) The Adult Program shall be capped at 1,000 patients each year for the term of the contract.

(2) Contractor shall recover from the TRS Fund an administrative fee of $_____ per patient in relation to administrative costs and overhead for the Adult Program.
(3) The Commission shall reimburse the Contractor from the TRS Fund for the charges of the referring audiologist in an amount not to exceed $____ per patient.

(4) Contractor shall provide the Commission Staff with an itemized breakdown of the total hearing aid costs for each patient served for the previous month along with each invoice by the 15th calendar day of the following month.

(5) Contractor will serve adult patients who are partially or fully insured by “high deductible insurance plans” that, for all practical purposes do not cover the cost of the hearing aids, if the patient’s household meets the other program eligibility requirements and the patient’s household income falls at or below 200% of the FPG. For the purposes of this contract, the Internal Revenue Service (“IRS”) definition of a “High Deductible Insurance Plan” shall apply. At the time of this writing, the IRS defines “High Deductibility” as any health plan with a deductible of at least $1,350 for an individual or $2,700 for a family. Should the IRS definition change during the term of this contract, Contractor shall be empowered to apply the change immediately without being required to solicit approval from the PSC. Further, for purposes of determining eligibility, the patient’s household income shall be reduced by the amount of the insurance deductible prior to being compared to 400% of the FPG.

In cases where the patient has a high deductible plan, and has partially paid or satisfied the deductible, and where some portion of the hearing aid cost would be covered by the insurance plan, only the portion of the hearing aid cost necessary to meet the deductible will be eligible for reimbursement.

D. Pediatric Program

(1) The Pediatric Program shall be capped at 120 patients.

(2) Contractor shall recover from the TRS Fund an administrative fee of $____ per patient to cover all administrative costs and overhead for the Pediatric Program.

(3) Expedited Shipping Costs for pediatric ear molds not to exceed $____ annually.

(3) Contractor shall conduct a marketing plan during the term of this contract and shall recover from the TRS Fund a sum not to exceed $____ for the expenses related to the marketing plan.

(4) Contractor shall provide the Commission Staff with an itemized breakdown of the total hearing aid costs for each patient served for the previous month along with each invoice by the 15th calendar day of the following month.
The template that shall be used for this itemized breakdown is attached as Exhibit 1 hereto.

(5) Contractor shall serve only pediatric patients with household income that falls at or below 400% of the Federal Poverty Guideline ("FPG") and who do not qualify for Medicaid or PeachCare. Prior to declaring a pediatric patient eligible for this program, Contractor shall receive from patients proof of documentation of a private insurance denial letter and shall receive from the audiologist an affidavit stating the reason that the Pediatric patient qualifies as "uninsured." Contractor shall document that the pediatric patients’ household income falls at or below 400% of the FPG and that the patients do not qualify for Medicaid or PeachCare. Contractor shall maintain these verification documents throughout the time period that this contract remains in effect.

(b) Contractor shall serve pediatric patients who qualify for Medicaid or PeachCare, but who have not yet been approved for either program, provided that the patients have a pending application to either program. Once an application has been rejected, it shall no longer be considered pending for purposes of this paragraph. Contractor shall serve such a pediatric patient until the date upon which the patient receives Medicaid or PeachCare assistance, provided that Contractor shall not serve such a patient for more than three years unless the patient becomes ineligible for Medicaid or PeachCare and the patient’s household income falls at or below 400% of the FPG.

(c) Contractor will serve pediatric patients who are partially or fully insured by "high deductible insurance plans" that, for all practical purposes do not cover the cost of the hearing aids, if the patient’s household meets the other program eligibility requirements and the patient’s household income falls at or below 400% of the FPG. For the purposes of this contract, the Internal Revenue Service (IRS) definition of a "High Deductible Insurance Plan" shall apply. At the time of this writing, the IRS defines "High Deductibility" as any health plan with a deductible of at least $1,350 for an individual or $2,700 for a family. Should the IRS definition change during the term of this contract, Contractor shall be empowered to apply the change immediately without being required to solicit approval from the PSC. Further, for purposes of determining eligibility, the patient’s household income shall be reduced by the amount of the insurance deductible prior to being compared to 400% of the FPG.

In cases where the patient has a high deductible plan, and has partially paid or satisfied the deductible, and where some portion of the hearing aid cost
would be covered by the insurance plan, only the portion of the hearing aid cost necessary to meet the deductible will be eligible for reimbursement. (d) In cases where patients have insurance that specifically excludes devices as recommended by his/her audiologist such as but not restricted to bone anchored hearing aids ("BAHAs") and Bi-CROS hearing aids these patients shall be deemed as "uninsured" and may be served by the program so long as they meet the other eligibility requirements as defined in Sections II.D.(5)(a), (b) or (c) above, and so long as the devices recommended by his/her audiologist are currently offered by the Pediatric Program.

E. The payments identified in paragraphs II.C and II.D are the only payments that Contractor is authorized to recover from the TRS Fund during the term of the contract and this authorization is conditioned upon its performance in compliance with this agreement.

III. INDEPENDENT CONTRACTOR

In its relationship with the Commission and for purposes of this Agreement, Contractor will be an independent contractor. Contractor will therefore be responsible for compliance with all laws, rules and regulations involving this Agreement, its employees and any subcontractors. Neither Contractor nor any of Contractor’s agents, employees, subcontractors or suppliers shall become or be deemed to become agents or employees of the Commission. This agreement does not create a partnership, joint venture, agency or association between Contractor and the Commission, nor does it render the Commission liable as a partner, co-venturer, agent or principal.

IV. RETENTION OF RECORDS

Contractor shall maintain records of Program operations for a period of five (5) years, and shall permit the Commission to review and determine the results of the Program.

V. TERM AND TERMINATION

A. The Commission can terminate this Agreement for any reason in the public interest. If the Commission terminates this Agreement for a reason other than material breach, the Commission shall pay Contractor for Program operations performed prior to termination.

B. This Agreement shall commence on June 1, 2022 and shall terminate at 12:00 PM, May 31, 2025, unless the Commission renews the Agreement in writing prior to May 31, 2024 and such renewal will be legally effective to extend for two (2) years the terms and conditions of this Agreement, until the expiration of the renewal period.
VI. MISCELLANEOUS

A. This Agreement constitutes the entire agreement between the Commission and Contractor (hereinafter “the Parties”), and amendments thereto must be in writing and signed by the Parties hereto.

B. Contractor acknowledges that the Commission is a public entity with powers and responsibilities in service of the State of Georgia. This Agreement shall not be construed to impair the Commission’s public functions and powers.

C. This Agreement shall be deemed to have been executed in Fulton County, Georgia and shall be governed by, construed under, performed and enforced in accordance with the laws of the State of Georgia. The Commission may lay venue for any action hereunder in Fulton County, Georgia and may insist that any action brought respecting the subject matter hereof shall be brought in Fulton County, Georgia.
